## Chapter 1

# Create your open textbook

Hello!!

## Chapter 2

# Prologue

### 2.1 About this publication

This is the prologue to my book that I am writing for my GitHub class.

I never wanted to be a librarian. Originally, I wanted to be a news anchor, and then later a Theatre Professor. But I worked in the library during my undergrad and it captured me in a way I did not expect. Every day I learned about something new in the library and that was awesome. So...I became a librarian.

## Chapter 3
